

**An employee's
mind before
performance
reviews:**

I'm not sure if I've done enough

h this year. Actually, I have but ha

ve I done enough for my manage

r to notice? Will I get a raise? Or p

promoted? Or will I get fired? This

is making me anxious. Can we ju

st get over with this review so th

at I can sleep in peace?

**Upskill your teams
so well that they
look forward to
performance
reviews, not run
away from it.**
