

Level Up TEAM LEARNING With Gamified LMS

START

Hey {First_Name},

We just wrapped a beta launch of our **gamified LMS** with **56,000 learners**, and the results were eye-opening:

- Study time shot up **25.6%**
- Course completions jumped **19%**
- Sessions per learner climbed **13%**

And here's the best part:

- No extra work for L&D.
- No forced motivation.
- Just real, sustained engagement.

(If you'd like more details, the full report is attached)

But numbers only tell half the story. Real magic is in the stories of the **teams handling learning**, like yours.
